How to Submit Projects
The Coachella Valley IRWM region is now accepting projects for the IRWM Plan. Stakeholders may submit water management projects using our online Project Database.

<http://opti.cvrwmga.com/opti> ← **Link to Database**

After accessing the Project Database, please click on "Sign Up" to create a new login. Our interactive database allows local project sponsors to log in and add, review, and submit their project information, as well as view all other submitted projects.

Proposition 1
The California Department of Water Resources (DWR) has released draft guidelines for distribution of unexpended grants under Proposition 1 (available at <http://www.water.ca.gov/prop1/>). Proposition 1 authorized \$100 million for the State's IRWM grant program. The Colorado River Funding Area - which includes the Imperial, Bortone, and portions of Mojave IRWM regions, along with the newly formed San Geronimo region - will receive approximately \$22.5 million over the next two years. Funding awards will be competitive within the Funding Area, with the exception of the DAC Planning Grant that was submitted jointly between the Imperial, Mojave, and Coachella Valley regions in January 2017.

All projects submitted as part of the expiring Proposition 1 grant applications must be consistent with the Coachella Valley IRWM Plan - they must be in our online Project Database!
